MUHAMMED MOHSEN

Frontend developer

01016258212   muhammedmohsen8695@gmail.com

 Fayoum, Egypt

EXPERIENCE

Frontend developer

Egabee   https://egabee.com

 10/2023 to 01/2025 Remotely

- **Developed and maintained** user interfaces for web3 and blockchain monitoring and alerting products using React.js, Next.js, and TypeScript.
- **Collaborated closely** with backend developers to integrate frontend components with RESTful APIs, ensuring seamless data flow and functionality.
- **Implemented responsive design** using Tailwind CSS to ensure optimal performance and user experience across various devices and browsers.
- **Conducted code reviews** and provided constructive feedback to maintain high code quality and best practices within the development team.

Egabee / Assetmart *(Telegram mini app)*

- **Developed and maintained** a Telegram mini app, Assetmart, for asset management using Next.js, TypeScript, and Tailwind CSS.
- **Collaborated closely** with backend developers to integrate Telegram Bot API features, ensuring seamless interaction and functionality within the Telegram ecosystem.
- **Implemented responsive design** with Tailwind CSS, delivering an optimal user experience across devices and Telegram platforms.
- **Reviewed and optimized** code for maintainability, adhering to best practices and promoting high-quality standards in the development process.

PROJECTS   (Some of the projects i built)

Shopping-hub E-commerce

 https://shopping-hub-e-commerce-react.netlify.app/

Created a simple e-commerce app with React.js. It features product categories, detailed product listings, and a search bar for finding products by name. This project helped me practice essential e-commerce functionalities and React skills.

Food recipe finder

 https://foode-recipe-finder-81haa5upz-muhammedmohsenn.vercel.app/

Developed a Food Recipe Finder app using Next.js and Tailwind CSS. Users can find recipes by selecting a specific country from provided options.

EDUCATION

Bachelor Degree, Quality Control

Workers University

 09/2013 07/2017

 Beni-Suef, Egypt

SUMMARY

Front-End Developer with 2 years of experience building responsive, accessible, and high-performance web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Skilled in translating designs into clean, maintainable code and collaborating with cross-functional teams. Passionate about continuous learning and staying current with modern front-end trends and tools.

SKILLS

Html   **Css**   **Javascript**   **Typescript**

React.js   **Next.js**   **React Router**

Redux toolkit   **Tailwind css**   **Sass**

Shadcn/UI   **Git**   **Github**   **GraphQl**

React testing library
